Index, Technical Section, Paper Trade Journal Volume 126, January to June, 1948

Prepared by Clarence J. West, Chairman, Committee on Abstracts and Bibliography, TAPPI

The page numbers in the following index refer to the continuous pagination of the Technical Section and not to the individual numbers of the PAPER TRADE JOURNAL.

Number 8 of this volume contained abstracts of the Convention papers. References to these have been included in the Author Index (preceded by the letter "A" where the papers have been printed); they are not included in the Subject Index because they will appear in full and be indexed in following volumes of the PAPER TRADE JOURNAL.

To facilitate reference to the individual numbers of the PAPER TRADE JOURNAL, the following table of pagination of the Technical Section in each of the 26 numbers of Volume 126 is given.
